

# Data Protection Declaration – Privacy Statement

Bosch Software Innovations GmbH and Bosch Software Innovations Corp. appreciate your interest in its products and your visit to this website.

## Innovations respects your Privacy

The protection of your privacy in the processing of your personal data is an important concern to which we pay special attention during our business processes. Personal data collected during visits to our websites are processed by us confidentially and according to the legal provisions. Data protection and Information security are part of our company policy.

Bosch Software Innovations websites may include links to other websites which are not covered by this privacy statement.

## Collection and Processing of Personal Data

When you visit our websites our web server automatically records your IP address, the name of your internet service provider, the website from which you visit us, the websites you actually visit and the date and length of your visit. Innovations may use cookies and active components (e.g. JavaScript) to follow the preferences of our visitors and optimize our websites accordingly. You can reset your browser either to notify you when you receive a cookie, or to refuse to accept cookies. Please note that certain areas of most sites may not function properly if you reject a cookie.

Additional personal data is only stored if volunteered by you, for example in context of a registration, a survey, a contest or in execution of a contract.

## Use and Disclosure of Personal Data and Purpose Specification

Bosch Software Innovations will use your personal data for the sole purpose of technical administration of the websites, customer administration, product surveys and marketing, only to the extent necessary in each specific case. Stored protocol data is evaluated for statistical purposes. Stored Protocol data are not personalized. Your personal data will not be disclosed to third parties outside the Bosch Group without your consent.

## Security

Bosch Software Innovations uses security measures in order to protect the data we have under our control against manipulation, loss, destruction, access by unauthorized persons or against unauthorized disclosure. Our security procedures are continually enhanced as new technology becomes available.

## Freedom of choice

We would like to use your data to inform you about our products and services and request your opinion, where applicable. Naturally your participation in such campaigns is voluntary. Should you not consent, you can inform us at any time, so that we can prohibit the use of your data accordingly. For further information we refer you to the local website-services.

## Contact

For information, helpful suggestions, complaints regarding processing of your personal data you can refer to our Chief Data Protection Officer. Should there be data incorrect in spite of our efforts for accuracy and timeliness, we will correct that information at your request.
